Subject: LEAF Test Report- AES Puerto Rico

Greetings! I am a lawyer in the Office of Regional Counsel in Region 2.

Region 2 is in settlement talks with AES Puerto Rico . As part of this discussion, we recently received from

the company's lawyers comments on the draft report for method 1313 and Method 1314 Leaching Environmental Assessment Framework (LEAF) test results conducted on Agremax. I believe you are familiar with that report. I attach the comments we received, which appeared in a January 10, 2013 letter with attached calculations.

The Region wants to have a preliminary conversation with you or others at ORD about these issues . We will call you and try to arrange this conversation , most likely for sometime in mid-February.
